Digital images should be submitted as separate JPEG files placed within one folder or as compressed QuickTime excerpts. Other formats may not be viewable.

All submissions of interactive projects using new technologies will also need to be converted to static images to ensure consideration.

The presentation itself should not overwhelm the work to be considered.

Please follow these directions for labeling: With the slide right side up, facing you, **1)** place your name at the top of each slide; **2)** place a dot in the lower left hand corner of each slide; **3)** number the slides 1 through 10 in the lower right hand corner.

What will happen to your portfolio? Members of the Incoming Applicant Committee will review your work and will forward its recommendation to the University admissions office.

***If a stamped self-addressed envelope is not included with the application packet, after the review the portfolio will be discarded.**
